Csil

CENTRE FOR INDUSTRIAL STUDIES

CSIL research activity is based on 40-year experience in gathering, monitoring and interpreting data on the lighting sector. CSIL's extensive knowledge is further enhanced by a constant dialogue with all the players involved in the business.

Strengths in research

- A wide network of contacts within the industry (**over 7,000 companies monitored**), including manufacturers, suppliers, distributors and public bodies
- Immediate access to an **in-house database** of sector and company information over time (2005-2020)
- A sound **quantitative approach**, including consolidated experience in forecasting and big data analytics (e.g., web-scraping, machine learning)
- **Decades of experience** in dealing with sector issues, including qualitative trends analysis through extensive and focused surveys (both online and offline)
- In-depth knowledge of **adjacent sectors** (e.g., high-end design, e-commerce, furniture, appliances market), directly or indirectly related to the lighting sectors, which could help extend the coverage of the analysis
- Experience in analysing and providing technical assistance for **sector legislation and policy development** at EU level affecting the evolution of EU industry and markets
- A **global view**, in terms of both the areas studied and the customers served
- A global **network of sector experts** and professionals

Services

- **Quantitative analysis:** market sizing and demand forecasting
- **Competitive analysis:** mapping and studying sector players, their market shares and performances
- **Qualitative analysis:** investment drivers, product trends, consumer preferences
- Support in the formulation of **marketing strategies** as well as M&A initiatives
- Assistance in the implementation of action plans: lead generation and creation of **B2B contacts**

Research outputs

- **Multiclient reports** available off-the-shelf for CSIL customers
- **Custom made** research prepared for individual clients

LEDs and the worldwide market for connected lighting (S52)

70 countries. Activity trend 2005-2020, forecast up to 2023. Professional and consumer lighting, indoor and outdoor. Over 100 interviews with leading players and company profiles. Market penetration by country and by around 20 market segments. Reference prices. Financial analysis. Smart connected lighting. Analysis of the existing stock for key markets.

About 180 pages. Language: English. Edition XII. Year 2021. Price EUR 2000

E-commerce for the lighting industry (M3)

Europe, United States and China. Size of the E-commerce lighting market and expected trends. B2C and B2B. Case histories. E-tailers, wholesalers and proprietary web sites. Logistics. Reference prices and reference products.

About 80 pages. Language: English. Edition V. Year 2021. Price EUR 1600

The world market for horticultural lighting (On Demand)

Europe, United States, Asia. Greenhouses, indoor and vertical farming. Technological background. Activity trend and forecast. Production breakdown and market shares.

About 60 pages. Language: English. Edition I. Year 2021. Price EUR 1600

Smart cities and flagship stores: Lighting & Contract

Top lighting retailers and wholesalers in the major 100 cities worldwide. Success stories. Company profiles.

About 100 pages + Excel directory. Language: English. Edition I. Year 2021. Price EUR 1600

World trade of lighting (W15)

Imports and exports of lighting fixtures, lamps, and related products in 70 countries. The analysis includes: 2014-2019 data; estimated segmentation according to product groups; breakdown of international trade by geographical area, estimated demand by country and main solutions; 2020-2023 forecasts.

About 270 pages. Language: English. Edition XXV. Year 2020. Price EUR 1600

Lighting Contract: Top 250 Architectural Companies and Lighting Designers (S84)

The who's who in the project segment of the lighting world. Short profiles. Estimated market size of the contract business, with focus on the upper-end segment

About 130 pages. Language: English. Edition III. Year 2020. Price EUR 1600

Financial Analysis of 100 Major Lighting Manufacturers Worldwide (W29)

Key financial data and ratios 2013-2017; profitability and financial structure indicators

About 50 pages. Language: English. Edition II. Year 2019. Price EUR 1000

EUROPE

The European market for lighting fixtures (EU6)

30 EU countries. Activity trend 2016-2020, forecast up to 2023. Professional and consumer lighting, indoor and outdoor. Over 100 interviews with leading players and company profiles. Market shares by country and by around 20 market segments. Distribution channels and reference prices. Financial analysis. Smart connected lighting.

About 350 pages. Language: English. Edition XXX. Year 2021. Price EUR 4000

The European market for Healthcare lighting (EU31)

Major European markets and a bird eye on the world market. Surgical lights and general lighting. UV lamps. Activity trend 2014-2020 and expected trend. Market drivers. Connectivity, HCL and innovation. Market shares.

About 80 pages. Language: English. Edition II. Year 2021. Price EUR 1600

The European market for emergency lighting (EU24)

Sector performance, competitive system, market drivers and major market players. Product segmentation: residential, commercial, industrial and outdoor lighting controls applications. Technology issues. Legal framework. Geographical coverage: the European Union 15, plus Norway and Switzerland.

About 60 pages. Language: English. Edition II. Year 2017. Price EUR 1280

The European market for lighting controls and IoT (EU26)

Indoor and outdoor lighting controls, lighting management, IoT products. Estimated market data and forecast. Market breakdown. Short profiles. Market shares of the top manufacturers. Market breakdown by kind of product, application, demand (public or private) and light source. Geographical coverage: Europe (27) plus a snapshot on USA.

About 80 pages. Language: English. Edition II. Year 2017. Price EUR 1280

AMERICAS

The lighting fixtures market in the United States (S15)

Activity trend 2016-2020, forecast up to 2023. Professional and consumer lighting, indoor and outdoor. Over 50 interviews with leading players and company profiles. Market shares by around 15 market segments. Distribution channels and reference prices. Financial analysis. Main metropolitan markets. Smart connected lighting. Market drivers.

About 200 pages. Language: English. Edition XV. Year 2021. Price EUR 1600

The lighting fixtures market in Latin America (S58)

5 countries. Activity trend 2016-2020, forecast 2023. Professional and consumer lighting, indoor and outdoor. Over 50 interviews with leading players and company profiles. Market shares by around 15 market segments. Distribution channels and reference prices. Financial analysis. Main metropolitan markets. Smart connected lighting. Market drivers.

About 100 pages. Language: English. Edition V. Year 2021. Price EUR 1600

The lighting fixtures market in China (S27)

Activity trend 2016-2020, forecast up to 2023. Professional and consumer lighting, indoor and outdoor. Over 50 interviews with leading players and company profiles. Market shares by around 15 market segments. Distribution channels and reference prices. Financial analysis. Main metropolitan markets. Smart connected lighting. Market drivers.

About 200 pages. Language: English. Edition XIV. Year 2021. Price EUR 1600

The lighting fixtures market in India (S33)

Market size (overall, by application, and by product). Activity trend and trade data 2014-2019, forecast up to 2023. Company market shares (overall and by application) and company profiles. LED penetration. Smart Connected Lighting. Distribution channels. Reference prices. Financial analysis. Market drivers.

About 170 pages. Language: English. Edition VIII. Year 2020. Price EUR 1600

The lighting fixtures market in Asia Pacific (S72)

7 countries considered: Indonesia, Malaysia, Philippines, Singapore, South Korea, Thailand, Vietnam.

About 190 pages. Language: English. Edition IV. Year 2020. Price EUR 1600

The lighting fixtures market in Japan (S72JP)

Activity trend 2013-2018; international trade; sales and market shares of the major players; distribution channels; LED and conventional light sources.

About 100 pages. Language: English. Edition IV. Year 2019. Price EUR 1600

The lighting fixtures market in Australia and New Zealand (S72AU)

Activity trend 2011-2016; international trade; sales and market shares of the major players; distribution channels; LED and conventional light sources.

About 100 pages. Language: English. Edition III. Year 2017. Price EUR 1280
